TRAINS ROBBED.

One Occurs in California and the Other in Indian Territory.

GREEN HANDS WERE AT WORK

In the Former Job and Experts in the Other Instance.

ONLY TEN DOLLARS OBTAINED

By the Amateurs, Although They Made Use of Dynamite.

THE WELLS-FARGO SAFES RESISTED

All Attempts to Open Them—The Train Held Up in Indian Territory Was Thoroughly Looted by Eight Desperate-Looking Armed Men—The Passengers, Mail and Express Robbed of Many Valuables and Cash—The Thieves in This Case Made a Big Haul.

PARSON, KAN., Dec. 24.—Another and the boldest of train robberies ever perpetrated, has been recorded in the Indian Territory. The robbery occurred about 8 o'clock to-night at Seminole, a small station on the Kansas and Arkansas railway which is a division of the Missouri Pacific. The train robbed was No. 232, a train bound for Little Rock, Arkansas.

As the train approached Seminole, the engineer saw a danger signal ahead and slowed up, being under the impression that he was being flagged to meet another train. As the train neared the switch, however, the engineer perceived that a flat car had been run out of the side track onto the main line and a red light placed on the car. As soon as the train reached the obstruction the engine was boarded by two or three men who commanded the engineer and fireman to jump out of the cab, which they did with alacrity.

ARMED TO THE TEETH. As they did so they were confronted by half a dozen other men armed to the teeth with Winchester and revolvers. A detachment of the bandits then started towards the back of the train and as they proceeded gathered the rest of the train crew who had stepped off to ascertain the reason for the sudden stopping of the train.

When the robbers had collected all the crew they were corralled and a guard placed over them, and they proceeded to their work of mutilating the express and mail cars. They attacked the mail car first, and met with no resistance from the mail clerk. Pouch after pouch was opened and rifled of its contents. Then the letters which had been distributed in the pigeon holes were gone through deliberately and all their valuable contents extracted and placed in a receptacle which the robbers carried.

LOOTED THE EXPRESS CAR. After completing their work in the mail car the robbers turned their attention to the express car and looted it of its contents without the least objection from the express messenger, who was powerless to protect the company's property against such odds.

Having satisfied themselves that they had secured all the valuables in the express car, the gang then proceeded through the coaches and made a clean sweep of all valuables in the possession of the terrorized passengers. It would have been more than folly for the passengers or crew to resist, as the band was made up of eight desperate looking men.

KNOW THEIR BUSINESS. It was evident from the way they went at the job that they knew their business. While the robbers proceeded through the coaches each passenger was compelled to hand over all his cash and jewelry. No violence was offered, because every one gave up, glad to escape with a whole skin. They secured big booty, but no estimate can be given of the loss. A posse was organized as soon as it was possible to advise the authorities of the facts, and the deputies are hot on the trail of the robbers.

GREEN HANDS

Held Up a Train in California But Only Got \$10 For Their Trouble.

LOS ANGELES, CAL., Dec. 24.—The railroad brigands have again appeared in California and this morning attacked a Southern Pacific train bearing the treasure of the Wells-Fargo Express.

Passenger train No. 20, which pulled out of this city late last night, north-bound, was held up at Roscoe, a small station twelve miles north of here, early this morning. The train was stopped by two men who covered the trainmen with revolvers and blew open the door of the express car with dynamite. After the robbers had gone through the express car the train was allowed to proceed after a detention of about thirty minutes. It is claimed that the robbers got nothing with the exception of \$10, which was taken from the engineer, as they were unable to open the safe and everything was locked up.

WORK OF GREEN HANDS.

Will Smith, a Southern Pacific detective, who started out from here about 4 o'clock this morning with a posse, returned about noon. He says the work was that of green hands who went out from this city and returned immediately after the robbery. He thinks they are local men, and this evening officers are working on a clue which promises to lead to their capture.

One of the robbers went out early in the evening with horses and the others followed on the train. At Roscoe the first man built a fire by the track and as the train approached hoisted the flag as a signal to his confederate who was on top of a freight car just behind

the tender. The latter then clambered down over the tender, and covering the engineer with his revolver ordered him to stop the train, which he did, when another man appeared at the cab and the "hold-up" was proceeded with.

WENT OUT AS PASSENGERS. Another story is that the robbers went out on the train as passengers, having purchased tickets to Burbank, where they left the train ostensibly but made their way forward in the darkness and again boarded the train forward, when they made their way to the engine over the tender.

The Southern Pacific has announced a reward of \$1,000 for information leading to the arrest of the robbers, in addition to the regular Wells-Fargo reward. No one was hurt, and no damage done beyond the breaking open of the express car.

A DYNAMITE CRANK.

He Threatens to Blow Up Armour Institute and Mr. F. D. Armour.

CHICAGO, Dec. 24.—Armour Institute, at Thirty-third street and Armour avenue, has been threatened with destruction by a dynamite crank, and it is said also that the lives of Philip D. Armour, founder of the institute, and Dr. Frank Gunzulus, its president, and pastor of Plymouth church, have been placed in jeopardy by the same individual. Neither Dr. Gunzulus nor Mr. Armour will say a single word concerning the story of their own lives being in danger, but at the same time it is known Dr. Gunzulus has declared that a man who was at one time connected with the Armour Institute has threatened to blow it up with dynamite at a time when such a deed would prove a terrible calamity. When the threat was made the doctor by his persuasions and threats had for the time being converted the would-be dynamiter who departed promising not to carry his threat into execution.

The story is that the crank demanded that Dr. Gunzulus furnish him with money or get it from Mr. Armour. The millionaire is a member of the congregation of Plymouth church and a warm personal friend of its pastor. It was on this that the crank counted when he demanded that Dr. Gunzulus use his influence with Mr. Armour in order to procure the money. When the request was denied by the pastor then came threats of blowing up both him and Mr. Armour as well as the institute.

DEPEW AND THE POPE.

The Great Commoner's Interview With the Roman Catholic Pontiff.

NEW YORK, Dec. 24.—Chauncey M. Depew was interviewed on his arrival here from Europe to-day by a reporter of the Associated Press.

In speaking of his audience with the Pope, Mr. Depew says: "As I entered the audience chamber the Pope arose, came half across the room, shook me cordially by the hand, requested me to be seated and then resumed the papal chair. He had been in constant audience since 8 o'clock in the morning and it was then 1 o'clock. In a few minutes we were in the midst of an earnest and instructive conversation on property, its rights and duties of capital and labor, of employer and employee. Nearly ten minutes he spoke and in clearness, directness, force and fervor, it was one of the most eloquent and impressive utterances to which I had ever listened. It is a misfortune that it could not have been taken down as it was spoken, but any report written would have lacked the fire and magnetism and all its delicacy."

LAWYER ASSASSINATED.

He Received the Contents of a Double-Barreled Shot Gun in the Back.

SULLIVAN, IND., Dec. 24.—A dreadful tragedy was enacted here this morning. W. C. Hultz, a prominent attorney of this place was shot at the entrance to a livery stable. The assassin was armed with a double-barreled shot gun, both barrels of which were discharged in rapid succession, taking effect in Hultz's back. He fell at the entrance of the stable and calling to a man in the rear part of the stable that he had been shot by Lem Willis. He died almost instantly. No one appears to have seen the shooting which occurred at 8 o'clock when but few persons were out. The assassin, who appears to have been in disguise, was seen to run away from the place, dodging through alleys. Willis has been arrested, but claims he was innocent.

RIOTING IN SICILY.

Troops Called Out to Quell the Mob, Which Was Dispersed.

PALERMO, December 24.—There has been renewed and serious rioting owing to the anti-Octroi agitation at Lercara di Fredi, a town forty-three miles from here, which is famous for its sulphur mines. A crowd of peasants and workmen, accompanied by their wives, assembled in front of the town hall shouting, "Down with the Octroi," "Down with the municipality," "Long live the king and queen." The mob then marched to the Octroi stations and burned several of the toll houses. Troops and gendarmes were hastily summoned and after a sharp conflict, during which two of the policemen were wounded, the mob was dispersed. In consequence of the repeated disturbances in Sicily reinforcements of troops will be dispatched to that island.

Two Important Meetings.

BERLIN, Dec. 24.—There is much comment on the fact that two cabinet councils have been held since the publication of Count Eulenburg's circular to the provisional authorities. The first meeting was held last Friday and lasted five hours. Chancellor Von Caprivi and the minister of war were present. The discussion was an extremely animated one.

The second meeting took place yesterday. It is a most unusual thing for two meetings of the cabinet to be held in so short a time. The first meeting was held last Friday and lasted five hours. Chancellor Von Caprivi and the minister of war were present. The discussion was an extremely animated one.

DIVIDED COMMITTEE.

The Majority and Minority Reports of the Ways and Means

ON THE INTERNAL REVENUE.

Montgomery's Plan to Tax Investments in Stocks and Bonds Instead of a Straight Income Tax—A Duty on Sugar Probable to Make Up the Deficit—Arbitration of International Disputes—Memorial to Be Sent to All Foreign Governments.

WASHINGTON, D. C., Dec. 24.—While some of the members of the ways and means committee will work during the recess, others are making a holiday of it. In fact it is claimed that little can be done until the eleven majority members of the ways and means committee come together and accept either majority or minority reports of the sub-committee on internal revenue.

Messrs. McMillan and Bryan reported a plan in favor of an individual income tax. Mr. Montgomery reported against it, and suggested the plan of a tax on the incomes from the invested wealth. Mr. Montgomery defends his plan, and says that he could get into any community and combat any argument for the plan suggested by the other members of the committee.

MONTGOMERY'S PLAN.

"In the first place," said Mr. Montgomery, "if a man has \$100,000 and engages in any business enterprise, he will give employment to many people, and is a benefit to the community, if he makes \$20,000 a year and spends it. I do not care how the money gets in circulation and benefits the people. If the profits are invested in stocks and bonds, the man does not spend it, but gets a return in interest, and upon such return he should pay taxes for the support of the government. The money which a man earns and spends is kept in circulation, and, no matter where or how, it reaches many people and is constantly doing good."

"When a man having \$1,000 chooses rather than invest it himself to loan it to those who are more venturesome, who have more energy and enterprise, and who wish to engage in business on such capital, he becomes a drone in society, is supported by the work of other persons and he should not complain if he is taxed for a very small part of his profits."

THE COMMITTEE DIVIDED.

While Mr. Montgomery was talking Mr. Stevens, of the committee, said in a jocular manner that he believed he would win over the members of the committee who disagreed about the income tax to support a proposition to put a duty on sugar to make up the deficit, which was expected to be raised by the tax on incomes. This is only an indication that all the members of the committee, as well as many in the house, are not altogether satisfied with the income tax proposition, and that a duty on sugar is yet a question to be considered.

ARBITRATION MEMORIAL

Presented to the President—To Be Sent to All Foreign Governments.

WASHINGTON, D. C., Dec. 24.—Mr. William E. Blackstone has presented to President Cleveland and Secretary Gresham the memorial adopted by the World's Columbian Commission, asking that steps be taken to secure arbitration of international disputes. President Cleveland had made reference to this subject in his annual message and today expressed gratification that so much had been accomplished.

Secretary Gresham said he would take measures to have the fac-simile of the memorial sent to all foreign governments, and they will be asked to take steps to bring about a conference to carry out the plan which originated at Chicago.

Mr. Blackstone was made honorary commissioner for the purpose of securing signatures to the memorial, and, acting under a resolution of the commission, he has obtained many endorsements, securing the signatures of the commissions from some forty different nations which participated in the exposition.

This memorial and signatures, making a large volume, will be engraved in fac-simile for presentation to the governments. The memorial is as follows:

The undersigned citizens of many countries, gathered at the Columbian Exposition in Chicago, in the United States of America, recognizing the advantages accruing to those nations which have pursued the policy of arbitrating international disputes and desiring that the like benefits may in the future be enjoyed by all nations, and deeming this a fitting opportunity, do hereby join in this memorial to all our various governments praying that they will unite to agree by mutual treaties, to submit for settlement by arbitration all such international questions and disputes as shall fail of satisfactory solution by ordinary negotiations, and for this the petitioners will ever pray.

Captain Pickling's Message.

WASHINGTON, Dec. 24.—Secretary Herbert to-night received a telegram from Captain Pickling last night, the nature of which is only speculative, and was not read until this morning. Secretary Herbert to-night refused to give the message out for publication, saying: "There is nothing in the message to indicate that there have been any recent victories, either for the government or the rebels, or that there is any material change in the situation."

Fire in a Washington Hotel.

WASHINGTON, D. C., Dec. 23.—The Hamilton House, a popular family hotel, facing Franklin square, in the northwestern part of the city, and a favorite stopping place with a number of congressmen, was discovered to be on fire about 10:40 o'clock to-night, and for

a time it looked as if the large building might be completely gutted, but, by good work by the firemen, the flames were confined to the fourth floor and the mansard or fifth story. Loss \$20,000.

MOHICAN TO SAIL

For Honolulu as Soon as She Can Be Prepared For Sea.

SAN FRANCISCO, CALA., Dec. 24.—It was learned here to-day, that the U. S. man-of-war Mohican, is to be dispatched to Honolulu on Wednesday. Sailing orders have already been received, and there is unusual activity at Mare Island preparing the cruiser for sea.

The vessel has been ordered to take a deck load of coal in addition to the usual supply, and it is evident that an effort will be made to force the Mohican's old engine to make time. The coal hoovers at Mare Island are to have no holiday, so positive is the order to equip the Mohican for sea without loss of time. Inasmuch as the steamship Australia sailed for Honolulu yesterday and could have carried all necessary supplies to Minister Willis, the inference is there must be some urgent reason for strengthening the United States naval force at Honolulu.

Situation at Rio.

WASHINGTON, D. C., Dec. 24.—Minister Mendonca received a cablegram from Rio Janeiro late last night, which he said contained very encouraging information. "The government reports to me," said the minister to-night, "that there have been several important changes of positions at Rio which greatly strengthens the government. All the commanding islands in the bay are now in the possession of the government except Villegaignon, Corbras and Paqueta."

Orders for the New York.

WASHINGTON, D. C., Dec. 24.—It was stated semi-officially to-night that the orders for the cruiser New York had not been issued up to this time. It is likely that the orders will be forwarded to-morrow.

Bakers' Strike Collapsed.

MADRID, Dec. 24.—The threatened bakers strike has collapsed, owing to the request of sixty men, including the promoters of the strike, and to the fact that the authorities were able to fetch large quantities of bread from the provinces.

BRIEFLY TOLD.

All the evidence in the Prondergast trial is in and arguments will begin to-morrow.

A crank attempted to kill Silas O. Welbridge, of Rochester, N. Y., a wealthy real estate dealer, in his office Saturday.

Chicago's treasury is empty and it will take careful financing to pull the city through next year without impairing its credit.

L. H. Marstelaer, a millionaire, committed suicide in a flat in New York Saturday. Grief on account of the death of his wife was the cause.

Seven operators on the Lehigh road have been arrested for causing the wreck at White Haven during the strike. Five of them are Brotherhood men.

A daring but unsuccessful attempt was made to rob the Farmers' and Traders' Bank, of Green Ridge, Mo., at about 11:40 Saturday morning.

It took only fifteen minutes for Wayne McVeagh to decide that he would accept the Italian mission when it was tendered him by telegram.

An attempt was made late Saturday night to wreck the west-bound passenger train on the Northern Pacific, near St. Paul, a pile of ties having been placed on the track.

Masked men entered the farm house of Matthew Miner, near Uica, New York, Saturday night, bound and gagged Miner and his daughter-in-law, and secured \$1,300 in cash.

Thomas Malley and Thomas Brown, miners, were killed by a premature blast in the Florence company's mine at Smithville, Pa. Both men were married and leave large families.

There is little possibility of a settlement of the main differences of the ways and means committee as to whether to make the income tax individual or corporate investment tax.

Over forty New York politicians were arrested Saturday for violations of the election laws. Twenty-five inspectors are on the list. Nearly all are released on bail, some giving as high as \$10,000 bond.

Hundreds of people were exposed to the small pox in the Chicago postoffice Saturday. A man brushed through the crowds on his way to the Marine hospital office where it was discovered that he had the disease.

The total value of the importations for the year 1892 were \$355,389,401, and the duties received \$193,098,474. The estimated revenue under the Wilson bill is \$107,090,570, showing an estimated decrease of \$85,498,000.

The White House Christmas tree was lighted Saturday afternoon. All the cabinet babies and their mothers who are in the city were present to see the grand illumination. The tree was attended by four men, who assisted Mrs. Cleveland in distributing the gifts.

President Gompers of the American Federation of Labor estimates that there are 3,000,000 wage workers out of employment in the country, not counting those belonging to trades unions. Bradstreet's says there are only 801,000, upon whom 1,958,000 are dependent for support, making 2,757,000 people in distress.

Three clothing cutter unions—one from New York, one from Newark, and one from Brooklyn, numbering over 600 members have renounced the Knights of Labor and become members of the United Garment Workers of America, which organization is affiliated with the American Federation of Labor.

Within the past twenty-four hours three deaths have occurred in Pittsburgh and from starvation. Their names were Anthony Dominick, an Austrian aged sixty years, died in Pittsburgh at six o'clock Saturday morning. Mary Weissman, daughter of Henry Weissman, of Alsheney, aged three years. Mrs. Decca Arthur, a widow aged fifty years, died at Homestead.

WANTS HER HUSBAND.

An Iron Manufacturer, of Ohio, Accused of Kidnapping

ANOTHER IRON MANUFACTURER

Of Pittsburgh—The Queer Story Told by Mrs. E. M. Byers—She Claims That Her Husband is Under Such Restraint That She is Prevented From Seeing Him—On the Other Hand it is Stated That Mrs. Byers' Peculiarities Have Worried Her Husband into Ill Health.

CHICAGO, Dec. 24.—Henry B. Shields, of Coleman, Shields & Co., iron manufacturers of Niles, O., and manager of the Girard furnaces at Girard, O., was arrested last evening charged with kidnapping E. M. Byers, of Pittsburgh, Pa., a member of the wealthy iron manufacturing firm of A. M. Byers & Co., of that city. The warrant was sworn out by Mrs. Byers. Shields arrived in the city yesterday morning and registered at the Hotel Grace under the name of J. B. Perry, Boston, O. The arrest was made so quietly that no one about the hotel knew of it. The prisoner was taken before Justice Murphy and admitted to bail in the sum of \$10,000. Attorney George S. Baker, who represents Mrs. Byers in Chicago, says:

TAKEN FROM PITTSBURGH.

"May 18 last Henry B. Shields took Mr. Byers from the hotel in Pittsburgh, where he was then visiting, and brought him to Chicago. Here he was placed in charge of Dr. W. Lewis Tallman, house physician at the Great Northern Hotel. Mr. Byers was, by various artifices and charges against his wife, worked into a state in which he was easily handled. Shortly after his arrival there he was placed under the immediate charge of a woman nurse, named Dilts, who received her directions from Dr. Tallman. For more than three months Mrs. Byers made diligent search and inquiry for her husband, and during this period, she says, Mr. Byers wrote frequently to her, but none of these letters reached her, and when he would inquire why, he was told that she no longer cared for him."

FOUND IN ST. PAUL.

After a long search E. M. Byers and his nurse were found in St. Paul. Mrs. Byers went immediately there and found him. The next day Dr. Tallman arrived, and together they returned to the Great Northern Hotel in this city. It was while they were here that Mr. Byers was again taken away. This time by Dr. Tallman, while Mrs. Byers lay ill. Dr. Tallman, with the nurse, took his patient to Montreal, where he registered the party as "Dr. E. M. Brown, J. B. Smith and Mrs. Alva Dobson, Chicago." Since then Byers has been taken to various parts of the country. He has drawn personally but little money from his firm, yet it is estimated that since his abduction last May there has been spent from this source for his account a sum approximating \$15,000. It is known from statements made by Tallman and others that Byers wants to go to his wife, but is held in duress and detained in the manner related herewith.

KIDNAPPING DENIED.

Dr. Tallman ridicules the story of the alleged kidnapping and the allegation that his patient is insane. He says:

"Mrs. Byers has her peculiarities and twenty years of married life with her, together with business cares, has brought on nervous prostration, so when Mrs. Byers went down to Atlantic City last May he came out here to recover his health. He was doing finely and in August went up to St. Paul to the races in charge of a trained nurse. Mrs. Byers went up there and created a scene. I went up there and brought the entire party back here. Mr. Byers said he would try and live with his wife. For fourteen days they lived together. On the fourteenth day he told me he could stand it no longer; that he was going away where he could have a chance to get well. Since then I have seen him but once. His friends know where he is, for he writes to them occasionally. Shields left for Pittsburgh to-day but will be back here on Wednesday when his case is called."

SIX PERSONS DROWNED

In Grand Lake, Louisiana—A Squall Capsizes the Boat.

ST. LOUIS, Mo., Dec. 24.—A special to the Republic from Jennings, La., says: An officer of the steamship Olive, plying between Mermontean river and Grand Chenier, brings a report that six persons were drowned in Grand Lake in the storm of Friday last. Some time previously a party of seven persons consisting of D. Thibodeaux and wife, widow Thibodeaux and three little daughters and a Mr. Miller left Mermontean in a skiff bound for Chenier Parish, forty miles south of Jennings on a visit to friends. They started on the return on the morning of December 15. That evening while the skiff was about in the middle of the lake a squall came on with great fury. The boat capsized throwing all into the water. Thibodeaux finally reached shore in an exhausted condition but was not rescued until December 22.

He Wasn't Guilty.

TOLEDO, OHIO, Dec. 24.—Postmaster J. M. Brown has forwarded a mass of evidence to Washington, completely exonerating J. C. Rike, Superintendent of the post office from violating the civil service law in soliciting subscriptions to campaign funds. Affidavits are made that although the circular calling contributions from letter carriers was printed on a Republican committee letter-head bearing Rike's name it was done without the sanction or knowledge of either Mr. Rike or the committee.

Policeman Shot.

PHILADELPHIA, Pa., Dec. 24.—In a riot between Hungarians and police at Scranton to-day, one policeman was shot and several others were badly hurt.

A MEXICAN'S OFFER.

He Will Give the Pugilists a Purse to Fight in Mexico.

ST. LOUIS, Mo., Dec. 24.—R. C. Pate, owner and president of the Mexican race track has authorized the editor of a local sporting paper to say that if the authorities in Florida would not permit the holding of the Corbett-Mitchell fight there then he would give the fighters a purse of \$25,000 to fight for at his track. Mr. Pate in his letter said: "When I telegraphed you that we could arrange to have the Mitchell-Corbett fight take place in Mexico, I was in consultation with those in authority and knew they would permit the contest to come off there. Now, while I am not certain, I suppose they still hold this position, and that being the case, I will offer the purse named for them to battle for. But before I make the official announcement I will have to again consult the Mexican authorities. I will be in St. Louis for one week. Then I will return to Mexico, and if Corbett and Mitchell are then willing to meet there I will arrange to give them the prize named."

The Corbett-Mitchell Fight.

JACKSONVILLE, FLA., Dec. 24.—In spite of Governor Mitchell's expressed determination to prevent the Corbett-Mitchell fight, the men who are trying to bring about the contest are going ahead with their preparations. Work on the arena is being pushed and everything will soon be in readiness for the contest. A. W. Cockerill, attorney for the Duval Athletic Club, expressed the opinion to the correspondent today that there was no law in Florida statute books by which Governor Mitchell could stop the contest. What the Governor intends to do, no one knows. He is at Tampa now and will not return to talk until the holidays.

Mitchell is Confident.

NEW YORK, Dec. 24.—Pugilist Charley Mitchell arrived in New York this morning from Boston and left in the afternoon for Philadelphia. He will remain in the Quaker City until Tuesday, when he will start for Jacksonville and go into his training. Mitchell looks exceptionally well and he expressed himself as being perfectly confident that he would come out victorious in the fight.

A Twelve Round Fight.

MUSKOGEE, MICH., Dec. 24.—Kid Hogan, of California, and Jack Bates, of Rochester, N. Y., the former at 131 and the latter at 145 pounds, fought twelve rounds this morning before the Muskegon Athletic Club at Lake View, just outside the city limits. Bates was defeated.

Sullivan as a Peacemaker.

SANDUSKY, O., Dec. 24.—John L. Sullivan, the great ex-champion, was a visitor to-day at the Sandusky police station. He, with Ran Dwyer and two other members of the company, were arrested for disorderly conduct and were released this afternoon, just in time to catch a fast train for Brooklyn, N. Y. Two members of the Sullivan company this morning got into a fight at the West House and Sullivan, who interfered, was arrested with the others, although it is claimed he figured as a peacemaker. The amount of bail was fixed at \$150, after spending to-day in jail, the prisoners went on their journey rejoicing.

An Employer Honored.

The employes of Augustus Pollack surprised that gentleman on Saturday evening by calling on him in a body and presenting him with a handsome office chair. Mr. Pollack thanked them for the gift in fitting terms.
